.NET Developer

About me

Dedicated and results-oriented software developer with experience in building scalable web applications using modern technologies such as .NET 8, ASP.NET Core, and React. With a solid foundation in programming languages including C# and Java, I excel at implementing robust architectural patterns like Onion Architecture and Microservices. My passion for coding is complemented by a strong understanding of design patterns and best practices, ensuring clean, maintainable code. Proven ability to work collaboratively within teams, lead projects, and deliver high-quality solutions that meet user needs. Seeking opportunities to leverage my skills in a dynamic and innovative environment.
