# Python Developer Middle

## Despre mine

I love reading various books: self-development books, fiction, biographies and others. I'm also interested in sports training.

## Experiența profesională

### Back-End Developer · Avataa

Septembrie 2024 - Prezent · 3 luni

Competențe: FastAPI, Testing, AWS S3, Docker, Microservices, Kafka, Software Design

### Backend Engineer · DataDrive

Iulie 2023 - August 2024 · 1 an 2 luni

Currently I am working at DataDrive on internal business projects. I'm working on an ERP system, within which I implement various modules: a module for managing social networks, a module for automating work with leads, a knowledge base, etc.

I also implemented the server side of a bot designed to answer questions. For this bot, I implemented a search engine to search for similar questions, as well as a system for rating the bot's answers.

Competențe: Python, Odoo, Backend, Software Design, Selenium, English, Django

### Web Developer · Upwork

Decembrie 2022 - Iulie 2023 · 8 luni

I have worked with companies on various projects. Implemented an API for calculating the cost and time of delivery, a website with career routes, a landing page generator and some other projects.

Completed projects:

- Website with career routes
- API for shipping calculations
- Landing page generator
